

## GOV. LOWDEN ISSUES STRIKE STATEMENT

**Charges Anti-American Influences With Bringing About Disorder**

## MARTIAL LAW PROBABLE

SPRINGFIELD, Ill., Sept. 12.—After being closeted for several hours with members of the State Council of Defense in a discussion of the strike here of street car operatives, which has spread to other trades until many industries are paralyzed, Governor Frank O. Lowden in a statement late today charged sinister and anti-American influences with bringing about much of the disorder of the past few weeks.

"We cannot afford," said the governor, "at this time to have the enemies of our government appear to be the champions of labor when they are really traitors to labor and traitors to their country."

**Mediators Visit Both Sides**

The statement which embodied facts presented by Governor Lowden to defense council members, followed the sending of a special committee of mediators to both sides of the street car strike controversy with what was believed to be an ultimatum.

Parties to both sides of the strike issue, which hinges on the question of preferential runs, were said to have been informed that failure to compose their differences would mean drastic measures by the state and perhaps martial law.

Approximately 7,000 men and women were idle today, and other trades planned meetings for tonight to vote on the question of walking out.

**Hold Public Meeting in Park**

Latest additions to the ranks came from the Sangamo Meter Works and the Illinois Watch company where 1,500 unorganized men and women quit shortly before noon. At a public meeting in a park this afternoon preliminary steps toward organization were taken and addresses were made by labor leaders who urged the workers to stand up for their rights.

At today's meeting of the defense council, all members were present except J. Ogden Armour, Mrs. James T. Bowen, Frank Billings and Charles H. Wacker.

At the conclusion of the meeting, Chairman Samuel Insull stated he would call together the coal committee of the council within a few days, presumably to give attention to the Springfield situation where 5,000 men are idle.

Governor Lowden today explained to the council the status of labor conditions in Springfield.

**Take Advantage of Situation**

"I wish to give you the benefit of some experiences we have had in Springfield in the present labor difficulties," he told the council members later given publicity in a statement. "We are getting along very well in Springfield with the Springfield Federation of Labor, and with most of the recognized labor people here. They are making every effort to keep their men at work and to carry out their contracts, and are for law and order. There are a few men, however, who pose as labor men and who, I am informed, are too friendly with the enemies of our country. These men are taking advantage of the labor situation in an attempt to align the labor people on the side of lawlessness and disorder, making all sorts of pretenses for their action. I am bringing your attention to this, because we must be infinitely careful to see that labor conditions do not become involved in this way in opposition to the war. We must segregate the two. We must be more alert in adjusting labor conditions before they reach this stage than we have in the past. We cannot afford at this time to have the enemies of our government appear to be the champions of labor, when they are really traitors to labor and traitors to their country."

**Must Separate Forces**

"The way to avoid such a situation is to keep in close relation with responsible and patriotic leaders throughout the state. We must separate the traitors from the people who are loyal. I am not afraid for a moment of our ability to handle the former, but if we are being careless and slow in getting into touch with actual conditions, permit treasonable agitators to use the labor movement as a cloak, they will make us a lot of trouble before we are thru."

"From all the information I have, the real parties at interest here have had nothing to do with the movement in the direction of rioting and disorder. I am doing all I can to get these two forces separated and I think that this council ought to encourage employers to keep in close relations with responsible and patriotic leaders of labor, so that labor disputes may be avoided when possible, or adjusted without unnecessary delay."

"This is a time when duty requires that all loyal citizens work together in harmony and good-will. Of course, in this crisis, whatever the merits of the controversy, peace and order must be maintained at any cost. This, I shall do."

## SENATE PASSES TRADING WITH ENEMY MEASURE

**Bill Passed the House Last July Without a Dissenting Vote**

Senate Adds Many Amendments Including One Giving the President Power to Embargo All Exports—Would Also Interdict Commerce Between Americans and Germans.

Washington, Sept. 12.—The administration trading with the enemy bill, which passed the house without a dissenting vote last July, was passed by the senate late today with many amendments, including one giving the president power to embargo all imports and prohibiting publication of war comment in the German language unless accompanied in a parallel column by a translation in English.

**Give President Broad Powers**

Other important provisions interdict commerce between Americans and Germans or the latter's allies, give the president broad powers to regulate operations of enemy insurance companies in this country and extend espionage powers.

The import embargo amendment, added today to the administration's request would extend presidential powers over export trade to imports as well.

The bill passed the senate after two days of debate heard by an average of less than a dozen members, without a roll call and virtually without objection. The amendment restricting publications in German adopted by a viva voce vote was offered by Senator King and is subject to elimination in conference.

**Restrictions on Publications.**

It provides: "That during the pendency of the present state of war and until peace shall be concluded and the fact declared by proclamation of the president it shall be unlawful for any person, firm or association to print or publish or cause to be printed or published in the German language any comments respecting the government of the United States or of any nation with which Germany is at war, its policies, international relations, state or conduct of the war, or of any matter relating thereto, without printing or publishing in a column parallel to such matter, a true and complete translation of the same in the English language."

"Any person violating the provisions of this section shall on conviction be punished by a fine of not more than \$500 or by imprisonment for a period of not more than one year, or may, in the discretion of the court, both fined and imprisoned."

Senator King urged adoption of his amendment as a "curb against the vipers in our midst" trying to create dissension.

## CROP REPORT STATES FROST DAMAGED CORN

SPRINGFIELD, Ill., Sept. 12.—Complete reports received by the federal weather bureau, made public today in the crop bulletin for the week ending Tuesday, Sept. 11, indicate that the corn in the extreme north portion of the state sustained severe damage from Monday night's frost, especially in the lowlands.

"In the localities of the north half of the state tender vegetables were damaged by frost and corn was slightly injured," the bulletin states. The review for the past week continues:

"The severe damage to corn was confined to parts of the extreme north portion, especially the lowlands."

"The dry weather in the northern division was relieved by heavy rains. There is still some threatening to be done. Corn is generally in good condition, but the week was too cool for maturing."

## HOLD NINE MEN ABOARD GASOLINE SCHOONER

SAN DIEGO, Cal., Sept. 12.—After thorough examination concluded tonight of the officers, crew, passengers, cargo and papers of the gasoline schooner Anvil, brought here by an American warship from a point 300 miles south of this port the department of justice held nine men—who were aboard. The prisoners were sent to the county jail on the ground that they are subject to the army draft bill and have not registered for service. Only two of the nine men are Americans.

They gave their names as Charles Milroy and Charles Cortes, both of Oklahoma. Another said he was Charles Mario Cerate, Italian military aviator and graduate of the University of Turin.

Four said they were Spaniards.

## ADOPTS PROGRAM FOR HIGHWAYS BETTERMENT

CEDAR RAPIDS, Ia., Sept. 12.—Lynn county which has been known as the "mud hole" of the Lincoln Highway and avoided by cross-country tourists, has adopted a program for the betterment of the highways by the expenditure of \$276,000. The work will be done within the next two years. The money will be raised as follows:

\$100,000 by popular subscription guaranteed by Cedar Rapids business men.

\$100,000 by the board of supervisors as the county's share.

\$56,000 by the state highway commission from the federal aid fund and \$15,000 to \$20,000 as the share of Kenwood Park, a suburb.

## INTRODUCE BREAD CARDS IN ITALY.

Rome, Sept. 12.—Giuseppe Canapa, the Italian food controller, today ordered the introduction of bread and flour cards thruout Italy after October 11.

## OPTIMISM SEEMS TO PREVAIL IN RUSSIA

**Late Reports Are to Effect That Korniloff's March on Capital Is Checked**

## STATE RETREAT CUT OFF

### BULLETIN

PETROGRAD, Sept. 12.—Gatchina, thirty miles southwest of Petrograd has been occupied by the forces of General Korniloff after it had been evacuated by government troops. General Savinkoff, commander of the troops defending Petrograd, told the Associated Press today. Admiral Korniloff's forces is thirty four miles south of Petrograd in the direction of Tsarskoe-Selo.

General Krinoff, commander of the Korniloff troops is at Luga, ninety miles southwest of Petrograd. No fighting has occurred thus far.

### BULLETIN

PETROGRAD, Sept. 12.—British Admiralty per Wireless Press.—A statement signed "Kelsensky, Prime Minister and commander-in-chief" given out today, said:

"On this date in accordance with the decision of the provisional government I am charged with the office of commander-in-chief of the armed forces of the country. The senseless effort at military mutiny by the late commander-in-chief and a small group of generals has ended in complete failure. The guilty mutineers will be delivered to the revolutionary military tribunal."

While optimism seems to prevail in the provisional government in Russia that a successful issue of the counter revolution started by General Korniloff soon will be returned in favor of Premier Kerensky, the situation still remains most acute. The despatches from Petrograd at present are emanating from the provisional government or supporters of Kerensky. Late reports from Petrograd are to the effect that Korniloff's march on Petrograd has been checked, and that even his retreat has been cut off by forces faithful to the provisional government. It is stated that there have been further defections from the ranks of Korniloff, and that a great majority of the commanders at the front are still adhering to the government. A statement issued by the vice-premier said the country undoubtedly was with Kerensky "who is defending the revolution against General Korniloff, the defender of the reactionaries."

**Martial Law in Moscow.**

Meanwhile the spirit of unrest seems to have invaded Moscow, where martial law has been declared and government forces are maintaining order.

One of the brightest spots in the situation is the offer of the central committee of the constitutional democratic party to aid in the reconstruction of the cabinet to avoid civil war. Of great interest on the political side of the war also is the action of the Argentine government in sending passports to the German minister for his connection with despatches sent to Germany thru the Swedish legation. Argentina has requested a disavowal by Germany of the minister's action and it is said will withdraw his minister if acquiescence is not forthcoming.

Meanwhile the British minister at Stockholm has visited the Swedish foreign office and expressed amazement over the American state department's charges against the Swedish government and the fact that Sweden has not given Great Britain any explanation of why coded German messages were permitted to pass thru the legation at Buenos Aires.

Late reports from Buenos Aires say that the German legation and German newspaper buildings have been attacked by mobs carrying out an anti-German demonstration.

**French Take Advances.**

On the battle fronts the military activity generally is far below that of past weeks. On the line in France against Belgium only artillery duels and comparatively small operations by the infantry are being carried out. Some further advances have been made by the French in Champagne near St. Souplet, where General Pettin won three lines of trenches.

Monte San Gabriele, in the Austro-Italian theater has been the scene of another vicious attack by the Austrians in an endeavor to dislodge the Italians from recently captured positions. Their efforts met with no success.

In the battle of Riga, according to the German war office, 8,900 Russians were made prisoner and 25 guns and large quantities of war stores were captured. The fighting on this front has now dwindled to skirmishes between reconnoitering detachments.

Great Britain's losses in large merchant vessels sunk by mines or submarines last week were the smallest since Germany began her intensive submarine campaign. Only twelve large vessels were destroyed.

## PROPOSE PROHIBITION FOR HAWAIIAN ISLANDS

Washington, Sept. 12.—A bill proposing prohibition in the Hawaiian Islands was introduced by Senator Sharfroth today and referred to committee.

## COMMITTEE APPROVES WAR CREDITS MEASURE

**Bill is Expected to Pass with Little Discussion**

Measure Will be Presented to the Senate Today With Passage Not Later Than Saturday Probable—Committee Adopts Several Minor Amendments.

Washington, Sept. 12.—Unanimous approval of the huge war credits bill passed last week by the house was voted late today by the senate finance committee after it had adopted several minor amendments. Tomorrow the measure will be presented to the senate to lie over under the rules until Friday. It is expected to pass with little discussion not later than Saturday. Issuance of \$7,538,945,460 worth of convertible four per cent bonds subject to income surtaxes and excess or war profits taxes and of \$2,000,000 each of certificates of indebtedness and war savings certificates are authorized by the bill. Of the bonds authorized \$4,000,000,000 are for further loans to the allies, \$3,000,000,000 to supplant the 3½ per cent liberty bonds recently authorized for such loans and the remaining \$338,945,460 for conversion of miscellaneous outstanding bonds, including Danish West Indies, Alaskan railroad, Panama Canal and naval construction bases. Virtually no opposition to the bill is expected in the senate altho some further minor amendments are to be proposed.

Probably the most important changes of the finance committee were in the allowances for floating securities. The house expense allowed one seventh of one per cent of the bonds and war savings certificates was increased to one fourth of one per cent and the house allowance of one tenth of one per cent for the indebtedness certificates was cut in half.

## EXPECT FEW REJECTIONS OF MEN AT CAMP GRANT

ROCKFORD, Ill., Sept. 12.—Army surgeons, after examining two thousand select service men in Camp Grant today predicted that the honor men would be found 99 per cent perfect physically.

Constantine Wolf, sixty-eight years old, resident of the United States for fifty years was arrested by intelligence officers at Camp Grant today and is being held for investigation by federal officers of the department of justice. Since the arrival of division officers at the camp here he has been employed as a civilian cook in the kitchen attached to the staff officers' quarters. He came from Chicago's west side with recommendations and altogether his record here has been excellent. The reason of his arrest is said to be that he is a German sympathizer.

Major General Barry made light of the case today, declaring the spy scare was "nonsense." The official report made by Captain F. G. Thomas intelligence officer said nothing in the man's belongings was suspicious and that the case seemed to be one of unusual precautions that is in vogue about the cantonment.

## THREE INJURED, ONE FATALLY IN STRIKE RIOT

KANSAS CITY, Sept. 12.—A riot in which it is estimated more than 2,000 striking packing house employees and their sympathizers participated took place tonight at Armour & Co. plant in Kansas City, Kans., with the result that Oscar Wood, a switchman was fatally injured and two others were sent to hospitals suffering from injuries the extent of which has not been determined. Wood's skull was cracked with a brick. All saloons in the packing district, 53 in number, were closed. The police finally restored order. The trouble was the first of a serious nature to break out in connection with the packing house strike, which has been in progress almost a week resulting in the idleness of several thousand men and the virtual tying up of operations at several of the largest packing establishments in the city.

## WOULD PROVIDE FOR DEPENDENTS OF MEN

WASHINGTON, Sept. 12.—Provisions of the soldiers and sailors insurance bill for allowances of from \$5 to \$50 a month to dependents during the term of enlistment were tentatively approved today by the house. In addition to the government allowances the bill provides that an equal amount if not in excess of \$15 monthly, shall be given to dependents from enlisted men's pay. These are the amounts in addition to any sums taken from the pay that dependents would receive monthly: Wife, no children ..... \$15.00 One child ..... 25.00 Two children ..... 32.50 Each additional child ..... 5.00 One parent, \$10; both parents \$20; each dependent grandchild, brother or sister, \$5.

Special provisions are made for the allowance of divorced wives.

**POSTPONE GRADUATIONS**

Washington, Sept. 12.—Because it has deferred mobilization of negroes in the National Army, the war department today postponed the graduations at the negro officers' training camp at Fort Des Moines, Iowa, one month until October 15. Instruction will continue until then.

## MINISTER DIES SUDDENLY

Pana, Ill., Sept. 12.—Rev. E. W. Clarke, pastor emeritus of the First Presbyterian church here and the oldest active Presbyterian member in Illinois, died suddenly today at his home. He was 93 years old.

## MOBS SET FIRE TO GERMAN PROPERTY

**Thousands Argentineans Take Part In Wildest Disorders In Capital**

## TO SEND LUXBURG HOME

BUENOS AIRES, Sept. 12.—The downtown section of the city was the scene of the wildest disorders tonight in connection with great anti-German demonstrations in which thousands of Argentineans took part. Many of those in the mobs carried fire brands and as a result scores of buildings were set on fire. Several blocks of German business houses in Calle 25 de Mayo were destroyed.

Among the structures attacked were the German club, one of the finest edifices in the city and the building of the German daily La Union. As fast as the fires in these buildings were extinguished, they were started again. Mounted patrols and the entire fire department kept rushing from one part of the city to another, in an attempt to quell the riots and put down the flames.

In several instances police who were attempting to shoot at those wielding torches were set upon by the crowds and disarmed. Extra-ordinary precautions have been taken by the authorities to protect Count Luxburg, the German minister when he arrives here tomorrow morning to receive his passports.

## Send Luxburg His Passports.

The Argentine government at noon today sent to the German legation passports to be delivered to Count Luxburg, the German minister in Buenos Aires. The whereabouts of Count Luxburg still is unknown to the Argentine government.

The Argentine foreign office today sent a communication to the German foreign ministry demanding an explanation of Count Luxburg's action in sending the secret code messages to Berlin thru the Swedish legation.

It was officially announced here today that if Germany failed to disapprove of Count Luxburg's action Argentina would recall her minister at Berlin. If the Berlin government disapproved of his course the status quo would be maintained.

## MARKED DECREASE IN DESTRUCTION OF SHIPS

LONDON, Sept. 12.—A marked decrease in the destruction of British merchant vessels by mines or submarines is indicated in the weekly admiralty statement issued this evening. Twelve vessels of more than 1600 tons and six of less than 1600 tons were sent to the bottom, as compared with twenty in the large and three in small category sunk the previous week. Tonight's statement shows that four fishing vessels also were lost.

The above admiralty statement shows the smallest number of large British vessels sunk by mines or submarines since Germany last February began her intensified submarine campaign. The previous low record was for the week of March 11, when thirteen vessels of more than 1600 tons were lost.

## Six French Ships Sunk.

Paris, Sept. 12.—The statement of the ministry of marine issued this evening shows that for the week ending Sept. 9 one French vessel of more than 1600 tons and five vessels under 1600 tons were sunk by mines or submarines.

## ILLINOIS AWAKENS TO CONSERVATION

CHICAGO, Sept. 12.—Illinois has awakened to conservation, so far as it applies to sheep and wool, according to those attending the annual convention of the Great Lakes Sheep and Wool Association here today. The organization closes a two day session with a barbecue, a military review and barefoot dancing in a pavilion this evening.

Among the speakers at the morning session today were W. H. Killian, land and industrial commissioner of the Soo railway, and W. E. Briggs, chairman of the Northwest Development committee, both of Minneapolis.

## BURGLAR SHOT BY CITIZEN DIES

BLOOMINGTON, Ill., Sept. 12.—William Kenney of Springfield was found dead at 4 p.m. today at a local boarding house in this city, after being shot by an unknown citizen, who caught him attempting to rob a West Side saloon at 1:30.

The police followed the trail of blood and when they reached their man, found him dead at the foot of the boarding house stairway.

## WITHDRAW DJEMAL PASHA.

London, Sept. 12.—News has reached London that the Turkish government has withdrawn Djemal Pasha, the most noted official in Asia Minor, from his post as governor of Palestine, owing to intense feeling which his methods aroused among the population under his control. Djemal's successor has not been announced.

## COMPLETE JURY TO DECIDE MINISTER'S FATE

**Opening Statements of Counsel Will Begin This Morning**

Attorney for Defense Makes Statement Intimating Effort Will Be Made to Convict F. F. Jones and Albert Jones with the Crime in the Present Trial.

Red Oak, Ia., Sept. 12.—Eleven farmers and a telephone lineman comprise the jury that is to decide the fate of Rev. Lynn George J. Kelly, charged with the murder of eleven year old Lena Stillinger, one of the eight victims of the Villisca axe murders in 1912. Completion of the jury was accomplished in the district court here late today. After the jury had been sworn and instructed by Judge Boies adjournment was taken until tomorrow when the opening statements of counsel are to begin.

## Examine 150 Veniremen

Virtually the entire afternoon was devoted to selection of the final jury and twenty one veniremen were examined before he was obtained. In all 150 men were examined. During the examination of the veniremen today counsel for defense several times sought to name F. F. Jones, a merchant of Villisca and a former state senator, who with his son Albert was exonerated last winter by a grand jury of any connection with the murders. W. E. Mitchell of counsel for defense asked T. C. Brown, the last juror accepted whether he had an opinion as to the guilt or innocence of Jones in connection with the murders and the same question he had asked of preceding jurors. When the last juror was accepted A. L. Sutton of counsel for defense made this statement to the court before the jury was sworn.

"Before the jury is sworn I want to make a title record. Counsel for defense wishes to say in open court that one of its defenses is that F. F. Jones and Albert Jones are guilty of this murder, and one of the jurors has stated positively that he does not believe that either is guilty and therefore deprives the defense of its legitimate defenses."

## Will Try to Convict Jones

Attorney Sutton's statement was the first public intimation that the defense would seek to connect Jones with the crime in the present trial, altho it had been previously stated that the intention was to prove Kelly innocent by proving another man guilty. The jurors with their place of residence in Montgomery county are:

J. D. Isaac, James Edwards and George Bass, Sherman township.

Samuel Erickson and Carl Nimrod, Scott township.

S. R. Pike, Henry Bruce, Red Oak, Jess Rankin, Lincoln township.

Wesley Dodd, Pilot Grove township.

Helmar Wahlgren, Frankfort township.

E. B. Straight, Washington township.

C. B. Brown, Red Oak township.

Pike is the only juror who is not a farmer.

## FEDERAL GRAND JURY PROBES MILK PRICES

ST. LOUIS, Mo., Sept. 12.—The federal grand jury is investigating milk prices with a view to ascertaining whether there is a combination in restraint of trade among the milk producers of Southern Illinois who furnish 80 per cent of the milk consumed here, according to an announcement made today by United States District Attorney Oscar L. Oliver. The investigation follows an announcement made by the Southern Illinois Milk Producers' association that on Oct. 1 the price of milk would be raised from \$2.20 a hundred pounds to \$3.50, if the distributors would pay the price. This would mean a retail price of about 15 cents a quart.

## ARMY NEEDS LARGE SUM FOR ORDNANCE

WASHINGTON, Sept. 12.—Secretary Baker and Major General Scott, chief of staff of the army, told the house appropriations committee of approximately \$300,000,000 more needed for ordnance to be included in the new billion dollar deficiency bill the committee is framing.

A \$60,000,000 deficiency appropriation for ammunition, repair supplies and other naval purposes also is included in appropriations already made and estimated for, was asked by Secretary Daniels.

## WILL REGULATE MEAT PACKING INDUSTRY.

Washington, Sept. 12.—Government regulation of the meat packing industry will be the next move of the food administration. A voluntary offer of representatives of the packers to put their plants under a licensing system, reported to Herbert Hoover, was accepted and a plan of control will be drawn up shortly.

## LIBERTY MOTOR A COMPLETE SUCCESS

**Secretary Baker Says War Has Produced no Greater Single Achievement**

## AN INTERNATIONAL MODEL

WASHINGTON, Sept. 12.—The "Liberty Motor," the airplane engine on which the United States is relying to establish air supremacy over the Germans, is a complete and gratifying success after final tests, Secretary of War Baker announced today. The secretary's statement follows:

"The United States aviation engine" has passed its final tests. They were successful and gratifying. The new motor, designated by the signal service as the "liberty motor," is now the main reliance of the United States in the rapid production in large numbers of high powered battle planes for service in the war. I regard the invention and rapid development of this engine, as one of the really big accomplishments of the United States since it sentry in the war. The engine was brought about thru co-operation of more than a score of engineers who pooled their skill and trade secrets in the war emergency, working with the encouragement of the Aircraft Production board, the war department and the bureau of standards.

The story of the production of this engine is a remarkable one. Probably the war has produced no greater single achievement.

"One of the first problems which confronted the war department and the Aircraft Production board after the declaration of hostilities was to produce quickly a dependable aviation motor."

"Two of the best engineers in the country who had never before seen each other were brought together at Washington and the problem of producing an all-American engine at the earliest moment was presented to them. Their first conference on June 3 lasted from afternoon until 2:30 o'clock in the morning. These two engineers were figuratively locked in a room in a Washington hotel and charged with the development of an airplane motor for use by American aviators over the battlefields of Europe. For five days neither man left the suite of rooms engaged for them. Consulting engineers and draftsmen from various sections of the country were brought to Washington to assist them. The work in the drafting room proceeded continuously day and night. Each of the two engineers in immediate charge of motor development alternately worked a 24 hour shift."

"An inspiring feature of this work was the aid rendered by consulting engineers and motor manufacturers who gave up their trade secrets under the emergency of war needs. Realizing that the new design would be a government design and no firm or individual would reap selfish benefit because of its making, the motor manufacturers, nevertheless, patriotically revealed their trade secrets and made available trade processes of great commercial value. The industries have also contributed the services of approximately two hundred of their best draftsmen."

"A remarkable American engine was actually produced three weeks before any model could have been brought from Europe. It was promised that this engine would be developed before the Fourth of July. Twenty-eight days after the drawings were started the new engine was set up. This was on July 3rd."

"In order to have the engine in Washington and in actual running order at the nation's capital on Independence Day the perfected engine was sent from a western city in a special express car. The journey was made in 21 hours and four young men guarded the engine en route to Washington and personally attended to its transfer from one railroad to another."

"Parts of the first engine were turned out at twelve different factories, located all the way from Connecticut to California. When the parts were assembled the adjustment was perfect and the performance of the engine was wonderfully gratifying."

"Thirty days after the assembling of the first engine preliminary tests justified the government in formally accepting the engine as the best aircraft engine produced in any country. The final tests confirmed our faith in the new motor in every degree."

"Both the flying and altitude tests of the new motor have been gratifying. One test was conducted at Pike's Peak where the United States aviation engine performed satisfactorily at this high altitude. One of the engines in an airplane, broke the American altitude record in a recent flying test. Cylinders, pistons and every other part of the motor have been standardized. They may be produced rapidly and economically by a great many factories operating under government contracts. They must be as rapidly assembled, either by these plants or at a central assembling plant."

"The new engine amounts practically to an international model. It embodies the best there is in American engineering and the best features of European models so far as it has been possible to adapt the latter to American manufacturing methods."

## REPUBLICAN BOARD CANDIDATE

The Republicans of Morgan county yesterday nominated Fred W. Scholfield of Lynnville precinct for county commissioner. Mr. Scholfield is a candidate on whom all members of the party can unite. He belongs to one of the well known families of the county and is a high class successful business man and farmer. For several years he was a resident of Jacksonville but more recently has been farming on an intensive scale in Lynnville precinct. Since he has managed his own affairs well and is a man of undoubted integrity it is not too much to predict that if elected to the county board he will devote his untiring energy to the honest and efficient transaction of the county's business affairs.

## MILITANT SUFFRAGISTS REAP REWARD.

The result of the suffrage election in Maine will be disappointing and disconcerting to suffragists in central and western states. In this last mentioned territory the advance of equal suffrage has been steady and marked and to the credit of women voters it should be stated that in many instances better conditions have resulted from their participation in government affairs. In Maine no doubt the result can be directly attributed to the course followed by the militant suffragists at Washington. In this part of the country the public is thoroughly disgusted by the White House picketing plan. Maine is much nearer Washington and no doubt the disgust there was even greater and the condition was reflected in the election returns.

## PRESIDENT GOMPERS PROVES ORGANIZED LABOR PATRIOTIC.

In these days organized labor is standing out in bold contrast to the I. W. W. organization. Members of the labor unions throughout the country can well feel pride in the attitude of the American Federation of Labor in relation to the war, as recently outlined by President Samuel Gompers. That statement did not suggest that organized labor has attained the status in this country to

which it believed it was entitled, nor did it set forth that conditions in this country are ideal. But President Gompers left no doubt as to the patriotism of the American Federation of Labor, guaranteed full support of the president's war program and declared that the interests of labor will be made secondary when the interests of the country are at stake. It was a fine, patriotic sentiment.

## RUSSIA WAVERS.

About all that Americans can do at present with reference to the Russian situation is to hope for the best. That the new government is far from secure is an acknowledged fact and the news of frequent uprisings of the people and of discontent in the army have a disquieting effect upon those who are predicting an early end to the great war. That the county is full of agents of Germany is well known, but the most hopeful feature of the situation is the knowledge that Russian democracy is not a plan of sudden growth. For many years forces of the czar's government were fighting to stamp out democratic ideas. That the party of the people lived under such circumstances and was enabled to spread out into many sections of the vast Russian territory and to gain in power is the best kind of proof that the people there have the indomitable purpose and the bravery eventually sure to win Russia divided and with one faction and then another means that the expected aid to the allies from that source will be uncertain. It means too that great supplies will probably find their way to Germany and so serve to relieve the food situation there. But with the aid that the United States is now giving to France and England, and even with only partial support from Russia, the eventual victory for democracy in the war is certain, even tho that victory be the longer deferred because of the Russian situation.

## THE SOCIALISTS HOPEFUL VIEW.

Victor Berger of Milwaukee, congressman and well known socialist, in a recent statement suggests that the governments that are now at war enter into negotiations for peace which is to be endorsed by a referendum of the people of all these warring nations. That plan would have its appeal in countries where the people rule but in Germany and other countries autocratically governed, a referendum would be useless. If the people of Germany really had some choice in the government there would be no need for such a referendum for the people would never countenance this war, knowing as they do that they must bear the present burdens and that their children and even their children's children must for years to come pay the money cost in the form of taxation. Mr. Berger believes with Scheide-mann, leader of the socialist party in Germany, that the best guarantee that no other great war will be waged for many years to come is the fact that all the European countries are so nearly exhausted. He counts that democracy will make such gains in the next quarter of a century that the world's civilization and peace will rest upon an entirely new and

different basis. Judged by the last 25 years there is reason for believing this socialist is right in his prophesy, especially in the light of President Wilson's declaration in behalf of the allied nations that they will speedily free their men and money power to accomplish this very condition.

## THE CALL TO WORK.

The call is made today more than ever before for the nation to speed up, for men and women to settle down to work in a more serious way than ever before. The call should be heard with joy, for work has never been anything else than a blessing. To work, to do something useful with the hand and brain is the plain duty of everyone. And it is not a duty only; it should be both a pleasure and a satisfaction. The man who is afraid to soil his hands, to bend his back, cannot hope to retain the respect of his fellows. It is the idler who is looked down upon, not the man who does honest labor, tho it be of the humblest kind.

Men and women who would be looked up to in their community must be willing to serve, must take part proudly in the work of the world. Now, more than ever, workers are needed. No one has a right to be idle. The saying that the world owes one a living does not pass. Everyone owes it to the world to make a living. Idleness self-indulgence, taking it easy, is resented by sensible, right-minded people.

The spirit of humanity comes in its fullest measure to the worker. Idleness breeds selfishness, vice. "Satan finds some mischief still for idle hands to do," is not merely a happy turn of speech. It contains a vital truth. The one who honors his work will have honor done him. The shirker is despised. "He that can work," as Carlyle said, "is born a king."—Milwaukee Journal.

\* ANOTHER PACIFIST PEACE. \*  
\* By James C. Fernald, \*  
\* of The Vigilantes. \*

How did the ancient World-imperialism conquer the one great power that stood against it in the early days? The average man has a vague idea that Cato said, Delenda est Carthago. "Carthage must be destroyed," and the Romans went over to Africa and did it. In fact, the conquest required three great wars (the so-called "Punic Wars") extending over one hundred and eighteen years.

Carthage, after more than five hundred years of increasingly prosperous national existence, had established herself as the great commercial power of the Mediterranean,—that is, of the ancient world. The Romans complained that, whichever way they turned, the Carthaginians were in front of them, and shut them in, tho the phrase of "the Iron Ring" had not then been invented.

On the first clash, at Messana in Sicily, the Romans inveigled Hanno, the Carthaginian commander, into a peaceful conference, during which they treacherously seized him, and compelled him at the spear's point to give orders to his troops to surrender the citadel.

The war so started in violation of all comity of even ancient war lasted twenty four years. At length, when the Roman arms were for the moment dominant, Carthage consented to peace, ceding Sicily and the Lipari Islands to Rome, and paying an indemnity of 3,200 talents (\$800,000). This was an overwhelming loss for Carthage. The money payment was insignificant in comparison with the cost of continuing the war, while the arrangement enabled her to resume her profitable commerce. But it had one fatal defect. It was a Roman peace. The First Punic War had paid Rome.

In the twenty-three years of peace that intervened, Carthage rapidly regained prosperity and power. Then Rome threw down the gauntlet of battle in Spain. Had Carthage been peopled by Hannibals, she would infallibly have won. But Carthage tired out first, and once again yielded to a Roman peace, ceding all her conquests in Spain, all the Mediterranean islands that remained in her possession, and paying this time an indemnity of 10,000 talents (\$2,500,000). The Second Punic War had paid Rome.

Carthage enjoyed half a century of quiet prosperity, with steadily expanding commerce and wealth. How the Carthaginian pacifists must have exulted in their triumph! How much better this was than wasting their treasure in the support of armies, or sending their sons to fight and die on foreign shores!

But the tireless aristocracy of Rome was only awaiting its triumphal day, consolidating its conquests elsewhere, and increasing its available forces with half a century's preparation. Then it was easy to fasten a quarrel upon an enemy prosperous and powerless, as a stalled ox, and Scipio sold into slavery the 50,000 left of her 500,000 defenders, valiant too late, and meditatively watched the smoking ruins of Carthage. The Third Punic War gave Rome final victory.

For better or worse, the English-speaking nations are now united in our first war against German imperialism. If we want the second and third, or as many more as Germany may decree, let us close this war now with a German peace, so that every German shall say, "This war has paid Germany. It has been worth all it has cost. We will do it again."

## THE FAULT HUNTER

The most unfortunate of men is he who hunts for something wrong, who strains his ear, again, again, to hear the false note in a song. 'Tis he who marks with gloomy eye the bridal couple as they pass, and says,

"Their joy will soon pass by, and they'll grow old; all flesh is grass." 'Tis he who stops the flow of mirth by preaching trouble and despair, who says that everything on earth is but a pitfall and a snare. He sees the ring around the moon, when other men behold the sun, and says a storm will come full soon, with hail and sleet and bitter cold. He sees the sundogs standing guard, when other men behold the sun, and says we'll all be frozen hard before the current week is done. Oh, gloom and trouble are his pets, with them he eats and drinks and sleeps; he's only happy when he frets, he's only joyous when he weeps. It would be no concern of mine, if he would nurse his grouse alone; but publicly he weeps his brine, and heaves his deep, heart rending groan. And in these crucial times we need no added weight to loads of care, no sighs that make our bosoms bleed, no threats or omens of despair.

## THIS DATE IN HISTORY

September 13, 1849—The ship Richard Cobden. Barrell, recently arrived at New York from Liverpool, brought 262 passengers. Captain Barrell writes us that these passengers mostly belong to the class of small English farmers, whose employment has been injured by the opening of English ports to the breadstuffs of Europe and other countries. They come with the design of locating in Illinois and Wisconsin and are a very desirable class of immigrants.

## AUTO TOURISTS RETURN FROM NORTHERN TRIP

Allen Chrisman and John Bond of Merritt Precinct Visited Relatives in Wisconsin—Band Closes Picnic Season Engagements—Other Merritt Items.

Merritt, Sept. 12—Miss Mary Oliver of New Mexico is visiting friends and relatives in this vicinity. Allen Chrisman and John Bond returned from a visit with relatives in Wisconsin and Michigan last Saturday making the trip in Mr. Bond's Ford. They report a very pleasant trip both going and coming with the exception of striking some bad roads coming home. Mr. Henry Bond and family accompanied them home.

There were no services Sunday evening, the minister was attending the conference at Champaign.

Norman Campbell assisted the Graham orchestra in the program at the Chautauqua Sunday.

The Band furnished music for the Soldier Boys' farewell at Winchester last Tuesday.

L. E. Taylor was called to Concord last Thursday his father being seriously ill.

Mr. and Mrs. G. W. Hardwick are the proud parents of a fine baby boy.

The band closed their picnic engagements at Concord last Thursday with the M. P. church, the boys feel like they have done very well this year, only missing one engagement, thruout the season this being on account of rain and the boys are ready for a good winter's practice. Every one should be a booster for our band and help them along for they have received many compliments for their work. It would be a good time now for any young man or even ladies if they would like to belong to this organization to join now and be ready for next season.

Carl Berry returned home Sunday after having spent a few days in Alton.

This is State Fair week and several of our people are going to attend.

John Hurrelbrink was transacting business in Winchester Saturday.

Albert Hawk, Misses Ella and Georgia Hawk and Miss Mary Oliver attended the chautauqua at Bluffs Sunday.

The public school opened last week with Clyde Taylor as teacher. Miss Ella Hawk opened her winter term of school in the Joy Prairie neighborhood last week.

G. W. Hardwick and his family were at the State Fair Tuesday.

## Social Events

## Entertained for Mrs. Bourn.

Miss Estella Bourn gave a miscellaneous rush Tuesday evening at her home north of the city in honor of her sister-in-law, Mrs. Leo Bourn, who was recently married. There were about thirty present and the evening was spent in music and games. A three course luncheon was served.

## VISITORS FOR KENTUCKY.

W. C. Calhoun and family of Franklin recently drove his Paige sage car thru to Louisville, Ky., to visit relatives and left his car, coming home on the train. Yesterday the Kentucky folks returned the call of a few weeks ago, coming as agreed upon, in Mr. Calhoun's car. The guests who arrived Wednesday are Mr. and Mrs. J. A. Calhoun and two sons Allen and Frank, and Mr. and Mrs. Roy Harmon and daughter Elizabeth. They left Louisville on the 10th and altho in no great hurry, made the journey in very good time.

## AUTO TURNS TURTLE; SCOTTVILLE MAN HURT

Orville Dunn at Our Savior's Hospital Suffering from Severe Injuries About the Head—Two Others in Car Uninjured.

Orville Dunn, of Scottville is at Our Savior's hospital suffering from severe injuries about the head received when an automobile in which he was riding turned turtle on the Alexander-Franklin road about 8:30 Wednesday evening. Orrin Butler driver of the car and a brother of Dunn were uninjured. The car which was a new Overland was badly damaged.

James Kennedy of this city who was on his return home from a business trip to Carlisle was just behind the party and arrived on the scene soon after the accident. He brought the injured man and his brother to Our Savior's hospital where he was attended by Dr. Norris and Dr. Canatsey. Dunn had a bad scalp wound about six inches in length on the back of the head and a bad cut on the nose.

The injured boy is about 16 years of age and is the son of Mr. and Mrs. James Dunn of Scottville. In company with his brother they had planned the trip to Jacksonville to meet a boy named Clyde Wheeler. Dunn's mother had a premonition that some thing was going to happen and did not want her sons to make the journey. When this city was reached the elder son telephoned his parents of the accident but gave them assurance that it would be unnecessary to come to Jacksonville until today.

Orrin Butler who was driving the car is one of the drafted men from this county. His parents have been anxious for him to have a good time before going into the service. The Overland he was driving was only recently purchased.

On the trip to Jacksonville all of the boys were sitting in the front seat. When Butler got on the road between Franklin and Alexander he found it in excellent condition and was speeding the car up. Evidently he lost control of the car momentarily and it went into the ditch. Mr. Kennedy said that the car turned clear over and alighted on the wheels. The elder Dunn partially jumped and was thrown away from the car and escaped without injury. Butler was still at the wheel after the accident and Orville Dunn who apparently was sitting partially on Butler's lap probably was thrown thru the wind shield.

## ATTENTION CENTENARY MEN

All men who hold membership in Centenary church and those who attend its services are invited to be present at a banquet Friday evening, Sept. 14, at 6:30 p. m., preparatory to the every member canvass. Rev. W. R. Leslie, the new pastor, will be present. In order that ample preparations may be made, notify Mrs. Claud Vail, Ill. phone 1493 or Mrs. T. H. Rapp, Ill. phone 620, of your acceptance.

## PARTITION SUIT.

A suit in partition has been filed in the circuit court by Bellatti, Bellatti & Moriarty in behalf of Royal George Markkille and is directed against Laura Markkille et al, of Jacksonville, Fla. The complainant is a minor and the suit is brought by the Guarantee Trust & Savings Bank of Jacksonville as guardian and by Robert Egstrom as next friend. It is indicated in the bill that the elder Markkille, father of the complainant, died in March, 1916, and that he left real estate in lots 30 and 31 in Bibb's second addition to Jacksonville, lots 78 and 79, lot 79, Hites second addition to Winchester. It is a partition of this property which is now desired. The heirs of Mr. Markkille were his widow, Mrs. Laura Markkille, his daughter, Clara Markkille and grandson Royal George Markkille. The deceased had other real estate holdings in addition to that mentioned.

## GRACE CHURCH MEN PLAN FOR LUNCHEON

Rev. A. L. Casely of Beardstown will deliver an address at the men's luncheon at Grace church Friday evening. Mr. Casely is an eloquent and entertaining speaker. The new district superintendent, Rev. E. L. Fletcher, and his predecessor, Dr. F. A. McCarty, will also be present and speak.

Sunday morning Dr. McCarty will preach for the last time before entering upon his pastorate at the Vermont Street church at Quincy. The evening service will be a farewell for Dr. McCarty and a number of churches of the city will join in the service. Speakers will be announced later. The annual every member canvass will be held Sunday afternoon.

## HAS RETURNED TO DUTY

Floyd Watt who has been on a furlough at his home here on account of sickness has recovered and yesterday departed for Quincy to rejoin Company B under orders from First Lieutenant Hale. Watt underwent two operations and was in a serious condition to some time. He probably will be placed on light duty for several weeks.

## MONUMENT MODEL ON DISPLAY

The model for the Morgan county monument is on display in the window of F. J. Wadell & Co. The design is by Drunelle Morrison and Walker of Chicago. A detailed description was given in the Journal several weeks ago.

Mrs. A. J. Jones left yesterday for Hillsboro where she will install the officers of Hillsboro Tabernacle this evening.

## The 1918 STUTZ CARS

(The Stutz Motor Car Co.'s Own Statement)

The 16-valve 4-cylinder Stutz motor is the result of several years' practical and successful experience, under our own personal management, having met all competition on special constructed Speedways and rough roads. This motor is not a one night's dream, but the result of exhaustive tests obtained from laboratory and actual road tests at low and high speed, as well as for general economy. The sturdiness of construction, the careful workmanship, the best quality of material, insuring dependability and efficiency is evident in this motor, and is characteristic of Stutz design.

The T head type motor is used, as our past experience has taught us that while the valve in the head construction is slightly more powerful, it has a number of objectionable features which favor T head construction.

The valves in a 16-valve 4-cylinder motor are of smaller size eliminating the possibility of warping and crystallizing from high speed service. The wear on the cams and valve mechanism is reduced very materially. The valve area is greater, however, affording longer duration of maximum gas flow and cleaner scavenging, valve efficiency being of more importance than increased number of cylinders.

In summary, this motor affords high power, speed, flexibility, simplicity and especially smoothness and economy in operation, and is capable of performing every demand of motor car users.

## CENTENARY PLANS TO HONOR DR. McCARTY

FAREWELL RECEPTION FOR MINISTER SOON TO LEAVE.

Came to Jacksonville to Occupy Centenary Pulpit—Committee Named to Prepare Resolutions—New Pastor Rev. W. N. Leslie Coming Friday.

That the members of Centenary church appreciate the worth of Dr. F. A. McCarty and his family was shown Wednesday evening when plans were made for a reception to be tendered the family Sunday evening. The reception will be held in Centenary church.

The movement was initiated after prayer service Wednesday evening when a large number of members were present. The official board met after the service and decided upon a big meeting to be held Friday evening. Resolutions also were prepared.

sented in a tentative form by a committee composed of C. F. Glossop, J. W. Taylor and E. G. Save.

Four Years at Centenary  
The committee will set forth in the completed resolutions the fact that Dr. McCarty served four years as pastor of Centenary church. That he was elected to the district superintendency from that church and that his family have always been active members of the church. In view of these facts it was the unanimous sentiment that it was fitting that the congregation of Centenary should tender a reception to the departing minister and his family and that the reception also should be held in Centenary church.

At the meeting Wednesday evening it was decided to issue a call to all men of the church, young and old, to attend the meeting Friday evening. The invitation includes also men who, while not members of the church, attend services there almost as regularly as members of the congregation.

Rev. E. L. Pletcher who has been pastor of Centenary and who is the newly elected district superintendent and Rev. W. R. Leslie, the new pastor, will be present Friday night. The Rev. Mr. Leslie comes to Centenary from the pastorate of the M. E. church at Pittsfield. He will enter upon his duties immediately, filling the pulpit at Centenary Sunday.

Women Will Serve Banquet  
At the Friday evening meeting a banquet will be enjoyed which will be served by the ladies of the church. Plans also will be formulated for the every member canvass. The committees will be appointed and will receive instructions regarding this work. The finance committee also will outline its plans for the coming year.

A reception committee composed of C. F. Glossop, J. W. Taylor, T. H. Rapp and J. N. Deatherage was appointed and will meet Rev. Mr. Leslie upon his arrival Friday evening and escort him to the church. It is desired that all those who expect to attend the banquet notify Mrs. Claude Vail or Mrs. T. H. Rapp before Friday noon so that preparations can be made to serve them.

## WILL HAUL COAL CARS OVER STREET RAILWAY

Switch on Illinois Ave. Makes Connection with C. P. & St. L.—Coal for Gas Plant and State Hospital Will be Delivered by This Route.

Workmen are busy constructing a C. P. & St. L. railway siding on Illinois avenue and the job is about completed. This switch is being put in the street temporarily for the purpose of making connection with the railroad tracks with the track of the Jacksonville Street Railway company. Later on it is the intention to switch coal cars from the C. P. & St. L. to the street railway tracks for delivery at the South Main street plant of the Jacksonville Railway & Light Co. and the Jacksonville State Hospital.

There is no trackage into the gas company plant at present but when the new pavement was laid adjoining Jacksonville State hospital provision was made there for a switch, and in fact the switch was laid to a point just inside the fence. Information from Springfield is to the effect that this track will speedily be extended into the store house of the hospital and arrangement made for automatically unloading coal cars. It is believed that the haulage arrangement in prospect will be beneficial to Jacksonville and a matter of economy to the state. The haulage of a great amount of coal over the street pavements in course of time damages them materially and if this traffic is kept from the pavements the life should be much longer.

Tonnage Runs to Big Figures  
The coal used at Jacksonville State hospital each year averages 15,000 tons and about the same amount is used by the Jacksonville Railway & Light Company. This means a total of 30,000 tons of coal a year and hauled over the streets in wagons it means between 8,000 and 10,000 wagon loads. It can readily be seen how much of surface wear there is on the pavements from this almost continuous procession of coal wagons. The saving to the state and the Railway & Light company in haulage cost will be considerable when the arrangement is in complete working order. The cost of coal haulage to the state hospital this year is about 60c a ton, which on 15,000 tons means a cost of \$9,000. Even allowing for a charge made by the Railway & Light company for removing the coal it is easy to figure that the new plan will be very much in the line of economy for the state.

That a switch has not been run into the plant of the State School for the Blind before this is a matter of surprise as the cost would be insignificant. The state property adjoins the right of way of the Washburn railroad, there would be practically no grading and therefore about the only cost would be for steel rails and ties. The amount of coal used at the School for the Blind is about 2,500 tons a year and no doubt it is because of this amount, by comparison with the coal used at Jacksonville State hospital that the switch plan has never been seriously considered for the School for the Blind.

I. S. D. Switch Would Be Costly  
A plan was figured out last year for a coal track connecting the Washburn and the Illinois School for the Deaf but it was abandoned because the plan included the proposal to entirely rebuild the heating plant. The state owns land on the distal from the School for the Deaf to the Washburn road about a half a mile distant. It would, however, be necessary to cross the public highway twice and the proposed track would have cut the farm land belonging to the state school badly. The expense, even for the trackage, would also have run to large figures because of the distance, and so it is not probable that a switching connection between the school property and the Washburn will be made at any early date.

ATTENTION CENTENARY MEN  
All men who hold membership in Centenary church and those who attend its services are invited to be present at a banquet Friday evening, Sept. 14, at 6:30 p. m., preparatory to the every member canvass.

Rev. W. R. Leslie, the new pastor, will be present. In order that ample preparations may be made, notify Mrs. Claude Vail, Ill. phone 1493 or Mrs. T. H. Rapp, Ill. phone 620, of your acceptance.

RETURN FROM VACATION

Mr. and Mrs. George W. Scott returned yesterday from a twelve days' visit which was spent in Chicago and Wisconsin points. It was the occasion of Mr. Scott's annual vacation from his duties as secretary of the Pacific hotel. While in Chicago Mr. and Mrs. Scott were guests of the management of the La Salle and Great Northern hotels. He returned much refreshed and thoroughly enjoyed his outing.

AN AUTO TRIP THRU MISSOURI

Word has been received from Mr. and Mrs. A. W. Petefish of Liberberry, who with their children Miss Lora and Leroy left recently in their Ford car enroute to southern Missouri, where Mr. Petefish owns a farm of 1,200 acres. Mrs. Ella Petefish of Liberberry yesterday received a letter stating that they were making the trip in fine shape, had traveled almost 500 miles and had not even had a puncture. They spent some time at Camp Clark, Nevada, Mo., and the 1,200 guardmen camped there made them homesick for their boys, Orville and Jesse. They report no rain since leaving home.

Mrs. Maud Dobson, Miss Mae Dobson and Wm. Dobson, all of Cerro Gordo, are visiting friends in this vicinity.

## I. O. O. F. DEGREES GIVEN WINCHESTER SOLDIER

Mrs. Alice Welch shipped her household goods to Jacksonville today and will become a resident there. Her daughters, Mrs. Frank Avery and Miss Bessie Welch, have been living in Jacksonville for some time. Joseph Roark accompanied by Franz Bierbrauer and motored, went to Springfield Wednesday called by the serious illness of Oscar Rent-schke, of White Hall, whose condition is very serious.

Among Springfield visitors this week were Mr. and Mrs. Henry McLaughlin, Mr. and Mrs. Lew Bailey, Smith Jackson, Ruth Bailey, Mr. and Mrs. Henry Vannier and daughter, Miss Bertha Miner and nephew James Miner, Mr. and Mrs. Bert Coultas, Misses Verne Quinn and Opal Welch.

Pioneer lodge I. O. O. F. met in special session Monday evening to confer the initiatory degree and Wednesday evening to confer the first degree. The candidate was Ivan Penton, who expects to leave the 19th with the second squad of Scott county soldiers for Camp Taylor.

Mrs. George Woodall and daughter-in-law, Mrs. Fred Woodall, have returned from a brief visit in St. Louis.

## GOOD PROGRAMS SUNDAY AT BLUFFS CHAUTAUQUA

Denton Crowl and Rev. Green Addressed Large Audiences—Many State Fair Visitors—News Notes.

Bluffs, Sept. 12.—Rev. A. J. Green, wife and son, Alden of Cuba, Ill. are guests of Mr. and Mrs. Harrison Corbridge.

On Sunday at 11 a. m. Rev. Mr. Green preached to a large and appreciative audience at the chautauqua tent on the school grounds. At 2:30 p. m. Denton Crowl, Sam Jones impersonator, delivered the famous lecture "Get There and Stay There 1917-ized". Mr. Crowl gave a lecture last year and made many friends who came again Sunday to hear him.

Bluffs will furnish its full quota of state fair visitors in Springfield this week.

Russel Arundel is attending the state fair school of instruction in Springfield.

Freddie Ettinger, former resident but now of Angola, Ind., is the guest of friends.

Aldo Hierman of Arenzville was a visitor in town Sunday.

George H. Vannier was a business visitor in Jacksonville and Winchester Monday.

Jack Frost visited Bluffs and vicinity Monday night but did not do any material damage.

Mrs. Virgil Robertson of Virginia arrived Monday for a week's visit with her parents, Mr. and Mrs. H. C. Oakes.

Mr. and Mrs. Wm. McCullum left Tuesday evening for St. Louis, Mo., to visit their son Paul who enlisted in the army and will leave for training at the 19th.

Mrs. Addie Woods is seriously ill at her home.

Mr. and Mrs. Harry Logan who have been visiting relatives here for the past three weeks, have returned to their home in Decatur.

## SETTLED THE QUESTION

In the debate recently held at the Second Christian church by the literary society the water side won. The subject was "Which is the most useful, fire or water?" The winners were Miss Corine Robinson and Nellie Early. Those representing the fire side of the debate were Messrs. W. McDonald and Samuel Crutchfield. Judges: Mesdames Pauline Moore and Nannie Conley and Messrs. James Mallory and Lloyd O'Leary. There will be an excellent program given at the church Thursday night and another debate will be the order. The subject as given to the reporter yesterday will be "Which has did the most crime, whiskey or money?" This is an interesting subject and the debate should be worth hearing.

Mr. and Mrs. W. A. Smith of Meredosia were shoppers with city merchants yesterday.

## COUNTY COMMISSIONER CANDIDATES NAMED

LIGHT VOTE AT PRIMARY ELECTION HELD WEDNESDAY.

F. W. Schofield of Lynnville is Republican Nominee—David Wilson of Nortonville Given Democratic Nomination Without Opposition.

The primary election held Wednesday for the selection of candidates for county commissioners resulted in a light vote. On the Democratic ticket David Wilson was re-nominated without opposition, 302 votes being cast for him. For the Republican nomination Fred W. ### Y. M. C. A. SOON TO OPEN MEMBERSHIP CAMPAIGN

Appeals Will Be Made To Special Group of Young Men.

The membership of the Y. M. C. A. will start October 1. Already plans are being made for an intensive campaign that it is hoped will bring results. The directors are planning on making a strong bid for the following groups:

1. Thousands of young men of draft age have been found physically unfit. These should be appealed to thru our physical department.

2. The national situation places on our associations a special responsibility for boys, not only those in our membership but the entire community. We can, however, reach those in our membership more effectively. We should, therefore, increase our membership in this department decidedly. (Read, "American Youths", September issue, "Safe-guarding the Nation's Boyhood in War Time," by Mr. Robinson, and "Our Present Need in Work with Boys," by Mr. Fry.)

3. Young men just past the draft age. We are planning our activities so they will appeal to them. We urge them to fill the ranks of the younger men who have been called for service.

4. We wish to lay heavily upon the hearts of the older business men the fact that they must fill the ranks depleted by the draft and enlistments in order to keep the "home base" strong.

School watches for the young man; Radolite, \$4.50; other styles, \$4.00 to \$10.00. Bassett's Jewelry Store.

### F. E. McDUGALL BUYS ROBERT REID STUDIO

F. E. McDougall for many years one of the prominent business men of Jacksonville but for the past few years a resident of California, has purchased the Robert Reid photographic studio on the east side of the square. The studio will be remodeled and in addition to the space Mr. Reid had will include the offices formerly occupied by Charles H. Ward.

Mr. McDougall will be assisted by his son France, who will leave Monrovia, Calif., for Jacksonville in a few days. Mrs. McDougall who has been in Buffalo, Ill., for four months on account of the illness of her mother, will return to Monrovia, to be with Mardelle and Clarence for the winter.

Mr. McDougall expects to return to California next spring and will leave the Jacksonville studio in charge of his son France.

### ARRIVED FROM CHICAGO

R. L. Gonsalves, the contractor, arrived in the city yesterday from Chicago having made the trip in his Cameron car. He was accompanied by Mr. Gonsalves' cousin, John Franks, superintendent of the cannery department of the great establishment of Armour & Co.

On the way to town Robert took pity on a newspaper man slowly jogging along on a loaded farm wagon, took him, whirled him out to the park and left him rejoicing. Many thanks, Robert.

## ARENZVILLE PICNIC IS GREAT SUCCESS

LARGE CROWDS PRESENT DURING AFTERNOON AND EVENING.

Attractive Booths in Park Help Make Affair Financial Success—Several Hundred People Partake of Feast of Good Things Offered.

Wednesday was a red letter day for the Presbyterian church people of Arenzville and their friends in that community. The Lend-a-Hand society of the church had charge of the big picnic and the day was a great success in every way. There was a large crowd present both at noon and in the evening. Besides the noon and evening meal being served, there were booths around the park at which different articles were offered for sale. The park, in which the picnic took place, was handsomely decorated for the occasion and these decorations together with the bright colors of the booths and all made a pleasing picture and an attractive sight. The ladies of the church realized a goodly sum from their efforts, altho the exact amount could not be ascertained last night. Beside being a financial success the occasion was one of great social success. It is at such affairs as these that the real brotherly church spirit is made apparent and is strengthened.

The Christian Endeavor society had a booth in which fancy work, the handwork of the members was on sale. The young girls of the church had charge of the pop corn booth, at which a neat little sum was taken in. There was also a refreshment booth in charge of some of the good women of the church, and here sandwiches, and the like, were on sale all during the afternoon and evening.

At the noon and evening meal, chicken and good things too numerous to mention were on the bill of fare and it is needless to state that the crowds present did ample justice to the feast offered.

The ladies of the Lend-a-Hand society who were largely responsible for the success of the day are as follows: Mrs. Mary Huston, Mrs. Henry Treadway, Mrs. J. M. Swope, Mrs. John Irving, Miss Mary Thomas, Miss Lucy Triebert, Mrs. Robert Willie, Mrs. Lewis Willie, Mrs. J. F. Batis and Mrs. Lula Hofstetter. The capable help of the pastor, Rev. E. Polle, also added much to the success of the whole.

## C. & A. FREIGHT BUSINESS SHOWS INCREASE.

Freight business on the Chicago & Alton at this point has shown a gradual increase for some time. The present force has been pretty well taxed to keep up with the rush of business so that it was thought advisable to put on extra help. George Eads, of South West street, who has been working at Chester, Ill., has been employed as freight handler and started work last Monday. James Coultas, who has been employed by the National Express company of this city, has been hired by Agent D. C. Diltz as a clerk in the freight office and will commence his new duties in a short time.

## DISPLAY OF TRIMMED HATS SATURDAY

## HOLD ANNUAL LITER CHICKEN SUPPER

NEARLY FIVE HUNDRED PEOPLE ARE SERVED.

Ladies of Baptist Church Offer Their Usual Faultless Meal—Realize a Neat Sum for Church.

The annual chicken fry was held at the Baptist church in Literberry Wednesday evening. The supper was reported as served under the auspices of the ladies aid society, altho in reality it could be just as correctly stated as being served by the ladies of the church assisted by many of the men of that denomination.

The occasion this year was a decided financial success as the roads were in ideal condition. There was a refreshment stand on the grounds, but the cold weather did not help the sale of this commodity and there was very little business done at this stand. Very nearly five hundred people were served at the five big tables in the basement of the church. Everything moved smoothly and with dispatch as the church ladies have a good system and their work is organized with thoroughness. To anyone who has ever attended a chicken supper served in the basement of the Baptist church at Literberry, it is needless to state here that the dinner was excellent and faultlessly served by the many willing workers of the church.

The executive committee in charge was composed of Mrs. O. M. Petefish, Mrs. J. M. Daniels, Mrs. W. W. Young with Mrs. M. M. Crum, chairman.

Those in charge of the five tables were Miss Ona Crum, Mrs. J. M. Daniels, Mrs. W. W. Young, Mrs. O. M. Petefish and Mrs. W. W. Young.

Those who waited on the tables were:

Table No. 1—Mrs. Lula Henderson, Mrs. A. G. Dunlap and Arthur Liter.

Table No. 2—Mr. and Mrs. Arthur Rochester and Mrs. Frank Hopkins.

Table No. 3—Miss Ella Deatherage, Miss Lillian Lynn and Miss Amanda Hixon.

Table No. 4—Miss May Hixon, Miss Alice Scribner, Miss Mary Lowden and Miss Elsie Armstrong.

Table No. 5—Miss Ruth May, Miss Ruth McDonald, Mrs. Durrell Crum, Charles McDonald and Miss Ona Crum.

Official Chicken Fry—Spencer Carpenter.

Mrs. J. A. Liter was in charge of the mashed potato committee. Mrs. Frank Zirkel was in charge of the gravy committee. Mrs. Lee Scribner was in charge of the coffee committee.

Ice Cream Stand—Ellis Thompson and Ward Daniels.

Ticket sellers—William Decker and Oscar Petefish.

Ticket Collector—Edgar Gottschall.

## MISSIONARY SOCIETY MET WITH MRS. HEMBROUGH

The Womens Foreign Missionary society of Brooklyn church met with Mrs. Edward Hembrough Wednesday at her home southeast of the city. The meeting was an all day affair and proved most enjoyable for all present. At noon the hostess served a bountiful dinner. The regular program of the society was carried out. Mrs. Waller was in charge of the mystery box. It was the meeting for the annual election of officers and the following were chosen:

President—Mrs. J. W. Waller. Vice President—Mrs. M. M. Corde.

Secretary—Mrs. C. O. Redding. Corresponding secretary—Mrs. J. M. Walters.

Treasurer—Mrs. Follansbee. In charge of Mite Boxes—Miss Jefferson.

## GOV. LOWDEN MENTIONED FOR NEXT PRESIDENT

Governor's Recent Action in Squelch-  
ing Pacifist Meeting Served to  
Bring Him Prominently in Public  
Eye—Has Demonstrated His Exe-  
cutive Ability.

Chicago, Ill., Sept. 12.—Altho it is  
rather early to figure on the next  
presidential election, the people of  
Illinois are already making frequent  
mention of the name of Governor  
Frank O. Lowden in connection with  
the Republican nomination for the  
presidency. There is every indica-  
tion that if the convention were held  
at hand Governor Lowden would be  
certain to supplant Senator Lawrence  
Y. Sherman as the "favorite son" of  
Illinois.

Governor Lowden's quick and de-  
cisive action in squelching the recent  
attempt of the pacifists to hold their  
national conference in Chicago has  
served to bring him prominently into  
the public eye of the nation. Already  
people of other States are calling on  
him for addresses at public gather-  
ings.

Governor Lowden is a native of  
Minnesota, having been born at Sun-  
rise, a small village on the eastern  
border of that State. He was reared,  
however, on a small farm after-  
ward purchased by his father in  
Iowa. Farming was not always so

profitable in those days as it is now,  
and there were times when the hand  
of poverty bore heavily upon the  
family.

**Career Began at Early Age.**  
At an early age young Lowden  
struck out for himself. Thru his  
own exertions he received his educa-  
tion at Iowa State University, grad-  
uating with high honors in 1885,  
and spent the two following years in  
a law school in Chicago. In an al-  
most incredibly short time after re-  
ceiving his diploma he was in pos-  
session of a lucrative income won  
by his own indomitable pluck and  
energy. He had established a high  
place for himself at the Chicago bar  
when, in 1896, he met and married  
Miss Florence Pullman, daughter of  
George M. Pullman, the multi-mil-  
lionaire palace car magnate.

Governor Lowden's public career  
began in the late '90s, when he be-  
gan to take an active interest in Re-  
publican politics in Illinois. He was  
a delegate to the Republican nation-  
al conventions in 1900 and 1904  
and in the latter year he became the  
Republican national committeeman  
for Illinois.

In 1904 the young lawyer made  
his first try for public office, his goal  
being the Republican nomination for  
governor of Illinois, which he failed  
to win at that time, tho he made a  
good impression upon the people and  
many of the leaders of his party.  
The campaign was one of the most  
hotly contested in the history of the  
State. At the celebrated deadlocked  
convention at Springfield young  
Lowden was defeated at the moment  
when victory seemed within his  
grasp. Charles S. Deneen was given  
the nomination over Lowden, and in  
the successful campaign that follow-  
ed no man worked harder for the  
election of the Republican nominee  
than did the candidate who was de-  
feated in the convention.

**Voluntarily Retires from Politics.**  
In 1906 Lowden was elected to  
Congress to fill the unexpired term  
of the late Robert R. Hitt. He was  
re-elected to the 60th and 61st con-  
gresses, and at the expiration of his  
second full term he voluntarily re-  
tired from the arena of politics and  
took up practical farming on his  
magnificent estate of 2,000 acres on  
the banks of the Rock River in north-  
ern Illinois.

Governor Lowden's friends are  
confident that his talents will hurl  
him close to the presidential firing  
line in 1920. His record as con-  
gressman and governor are expected  
to count heavily in his favor. As a  
stump-speaker he has always been  
able to hold his own. His restless  
brain craves action, and he delights  
to be where events of moment are  
occurring. Since he assumed the  
executive chair at Springfield he has  
shown a grasp of public questions  
that sufficiently disposes of any  
doubt that might have been enter-  
tained as to his ability to measure  
up to the office of governor, or even  
the higher one of president. More-  
over, his Americanism is of the six-  
cylinder type, which is a quality that  
obviously must be possessed beyond  
dispute by the man, whether Republi-  
can or Democrat, who aspires to  
succeed President Wilson in the  
White House.

ence from the Maine conference, of  
which he had been a member for  
the past fifteen years. During that  
period he served churches in the  
cities of Portland, South Portland,  
Berlin and Lewiston. His educa-  
tion was received in Wilbraham Pre-  
paratory school in Massachusetts,  
Wesleyan Theological school, N. Y.,  
and Moody Institute, Chicago.

Dr. Betcher has also had training  
in music under F. P. Whitney of  
Boston and R. B. Townner of Chicago.  
He has trained a number of vested  
choirs, the one at Lewiston includ-  
ing forty eight members. When Dr.  
Betcher left Lewiston the members  
of the choir presented him with a  
handsome music stand and a silver  
mounted ebony baton as a token of  
their esteem and appreciation.

Mrs. Betcher and daughter, Miss  
Helena, will be at the parsonage in  
the course of a few days.

## When the Skin Seems Ablaze With Itching and Burning

There's just one thing to do.  
If your skin seems ablaze with the  
fery burning and itching of Eczema,  
real and lasting relief can only  
come from treatment that goes below  
the surface—that reaches down to  
the very source of the trouble. So-  
called skin-diseases come from a dis-  
ordered condition of the blood, and  
the proper treatment is through the  
blood. Search far and near, and you can-

not find a blood remedy that ap-

## RED SOX AND SENATORS PLAY SIXTEEN INNING TIE

### SHORE AND AYERS GO THE FULL ROUTE

Washington Scores Its Run in the Fourth and Boston Ties the Count in the Sixth On Cady's Double and Singles by Shore and Hooper.

Washington, Sept. 12.—Boston remained a possible American League pennant contender as the result of a sixteen inning 1 to 1 tie with Washington, while the White Sox were idle. The game was a pitching duel between Shore and Ayers, who went the full route, the former allowing only six hits.

Washington scored its run in the fourth on Foster's walk, a sacrifice by Morgan, which Shore played to second too late to head Foster, a safe bunt by Leonard and a double play on Ainsmith's fly to Hooper. Morgan was caught off second after the catch but Foster beat Scott's relay to the plate.

Boston tied it up in the sixth on Cady's double and singles by Shore and Hooper. This was the only inning in which hits were bunched on Ayers. Both teams gave a fine fielding exhibition the work of Shanks and Scott, the opposing shortstops, standing out prominently. Score:

**Hurrah! How's This**

Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lockjaw or blood poisoning, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of freezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.—Adv.

## CINCINNATI WINS SERIES FINAL FROM CHICAGO

### SCHEIDER PITCHES IN FINE FORM FOR REDS.

Features of Contest are the Home Runs by Schneider and Williams. Giants Close Its Home Season With Two Victories.

Chicago, Sept. 12.—Cincinnati hit Douglas opportunely today, and won the final game of the series 6 to 4. Schneider pitched in fine form, and allowed the locals to bunch hits in only one inning. The feature of the game were the home runs by Schneider and Williams, the latter driving in a run ahead of him. Chase's single in the seventh inning sent two men home and gave the visitors the game.

## RED SOX AND SENATORS PLAY SIXTEEN INNING TIE

### SHORE AND AYERS GO THE FULL ROUTE

Washington Scores Its Run in the Fourth and Boston Ties the Count in the Sixth On Cady's Double and Singles by Shore and Hooper.

Washington, Sept. 12.—Boston remained a possible American League pennant contender as the result of a sixteen inning 1 to 1 tie with Washington, while the White Sox were idle. The game was a pitching duel between Shore and Ayers, who went the full route, the former allowing only six hits.

Washington scored its run in the fourth on Foster's walk, a sacrifice by Morgan, which Shore played to second too late to head Foster, a safe bunt by Leonard and a double play on Ainsmith's fly to Hooper. Morgan was caught off second after the catch but Foster beat Scott's relay to the plate.

Boston tied it up in the sixth on Cady's double and singles by Shore and Hooper. This was the only inning in which hits were bunched on Ayers. Both teams gave a fine fielding exhibition the work of Shanks and Scott, the opposing shortstops, standing out prominently. Score: Boston AB. R. H. O. A. E. ## Hurrah! How's This

Cincinnati authority says come dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lockjaw or blood poison, which is needless to say a Cincinnati authority, who tells you that a quarter ounce of a drug called trezone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus. You simply apply a few drops of trezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain. This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin. If your wife wears high heels she will be glad to know of this.—Adv.

POTTERS DISCUSS WAGE SCALE.  
Atlantic City, N. J., Sept. 12.—A new wage agreement to govern the pottery industry during the two years to begin October 1 is under discussion at a conference opened here today between representatives of the United States Potters' Association and the National Brotherhood of Operative Potters. The workmen are holding out for a 25 per cent wage increase. The manufacturers have presented a number of counter proposals. Among other things they ask that the doors be open to foreign white labor in all departments and that all piece and contract work be abolished.

**CORN QUOTATIONS  
WEAKEN AT THE LAST**

**Break in New York Stock Market  
Causes Setback—Oats Show a  
Net Gain.**

Chicago, Sept. 12.—Corn weakened at  
the last owing to sympathy with a break  
in the New York stock market. The close  
was heavy 1/4 to 3/8 net lower with Dec.  
13.17 1/2 and May 13.14 1/2 to 13.15. Oats  
showed a net gain of 1/4 to 1/2. In pro-  
visions the outcome ranged from 6c de-  
cline to a raise of 2 1/2c.

Depression that prevailed toward the  
end of the day of the corn market had  
as a basis the fact that liquidation is  
not usually confined to any one article  
and that many owners of stocks were  
long on grain. As a rule, however, the  
selling of corn during the late down turn  
more in a nature of profit-taking  
than of stop-loss unloading. Oats de-  
veloped firmness on account of continued  
smallness of receipts here.

Arrivals of wheat proved altogether  
too meager to satisfy an urgent demand  
for flour. Flour stocks in distributors' hands  
also had to be very light.

Provisions were governed chiefly by  
the action of corn.

**CHICAGO LIVESTOCK MARKET**  
Chicago, Sept. 12.—Scarcity of re-  
ceipts forced higher prices in the hog  
market today, but packers held off un-  
til something of a reaction from early  
top figures had taken place. Cattle prices  
reflected the scarcity of offerings, but  
far this week as compared with a week  
ago.

Sheep did not seem overplentiful.  
Hogs—Receipts 16,000; tomorrow 15,000;  
market unsettled 5c to 10c above yester-  
day's average; bulk \$17.50@18.50; light  
\$17.50@18.50; mixed \$17.50@18.50; heavy  
\$18.50@19.50; rough \$18.50@19.50; pigs \$12.50  
@13.50.

Cattle—Receipts 17,000; tomorrow 7,000;  
market strong; native beef cattle \$

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

**"A SHINE IN EVERY DROP"**

Black Silk Stove Polish is different. It does not dry out, can be used to the last drop, liquid and paste one quality, no waste, no dirt or dirt. You get your money's worth.

**Black Silk Stove Polish**

is not only most economical, but it gives a brilliant, silvery finish that cannot be obtained with any other polish. Black Silk Stove Polish does not rub off. It lasts four times as long as ordinary polish—so it saves you time, work and money.

Don't forget—when you wash your dishes, be sure to use Black Silk. It keeps them bright and shining, and it saves your dishes from rusting. Try it.

Use Black Silk Metal Polish for silverware, plated ware or brass. It works quickly, easily and leaves a brilliant surface. It has no equal for use on automobiles.

WHAT DO YOU THINK of a storage battery service for lighting and starting that will relieve you of the expense of buying another battery every year or two; paying expensive repair bills and where you have no loss of time for recharging and no trouble with a nearly worn out battery; nothing but a moderate leasing price and an exchange fee of about the same amount as the cost of recharging ordinary batteries?

THIS IS WHAT  
PERMALITE  
WILL DO FOR YOU

If you are interested in relieving yourself of battery worries and cutting your battery bill in two, we would advise you to investigate this opportunity at once.

## FAREWELL FOR WHITE HALL DRAFTED MEN

Ballow & Campbell Plan Function for Next Monday Evening—Charles Wenken Writes Letter From France—Other Greene County News Items.

White Hall, Ill., Sept. 12.—Ballow & Campbell, proprietors of a well known ice cream parlor, are preparing to give a farewell function to the drafted men of White Hall and vicinity next Monday evening, and the boys who are now under orders for the second and third quotas will be the guests of the firm at their establishment. The boys have already received public recognition of appreciation of their prospective service to the country, but nothing had been arranged for the eve of their departure, and the plans prepared by Messrs. Ballow & Campbell fit in with exceeding appropriateness. It is figured that they will have about twenty five of them at a spread, at which there will be orchestra music and other accompaniments, including a short speech, that will give comfort and good cheer to the White Hall contingent of the new National Army.

A Letter from France.

Charles Wenken, a member of Company Six, Field Artillery, now in France, writes a very interesting letter, but gives no information as to his location or as to conditions there, except to say that he is well and well satisfied, and wants to be remembered to all the friends back home. Wenken is a son of Mr. and Mrs. Fred Wenken of White Hall. He volunteered for service, and was in training at various points as a private until about six weeks ago, when he passed thru Roodhouse on a special soldier train bound for France, and was met at Roodhouse by the writer, who found Charles to be rearing to get to the front along with his comrades, and all were at that time in the finest spirits. This same train carried Major Starkey, son of Mr. and Mrs. J. W. Starkey of Roodhouse.

Miss Mayne Watson has gone to Los Angeles for an indefinite sojourn.

H. T. Johnston, after spending a few days with his sister, Miss Georgia Johnston, left last week for St. Louis, expecting to locate somewhere in the west. For several years Mr. Johnston has been located at Wilmington, Delaware, in the postal service.

J. D. Rowe is sojourning at Excelsior Springs, Mo., for a few weeks in quest of health.

A large delegation of local Masons attended the Masonic annual picnic in Jerseyville last Friday.

A special train conveying the 63rd Motor Truck Company passed thru here on the C. & A. today. These are colored troops, but their destination was not stated.

R. B. Pearce Will be City Clerk.

Fleet Barnett, city clerk, has received his 24-hour notice as a member of the new National army, and upon vacating his office Mayor Boehm states that he will name Ray Pearce to fill out the unexpired term.

The city has completed the marking of the streets for the inauguration of city delivery of mail, and as soon as a postoffice inspector arrives and approves of the work it is stated by Postmaster J. E. Wyatt that the service will be started with little delay.

The numbering of the houses and business buildings is up to the citizens, and this part of the requirement may cause some delay in starting the service, according to Alderman T. J. Grant, who would like to see greater expedition on the part of the citizens in complying with this part of the program.

Constitutional Conventions

By Enley Moore

(Member Illinois State Historical Society)

It may not be amiss to tell something regarding the Constitutional Conventions of Illinois. This being in view of the fact that the citizens of this state will soon be called upon to vote as to whether such a gathering shall be held.

Times Have Changed

so much, since the Convention of 1870 made the present highest law of our state, that many think it advisable to have a new fundamental guide for our laws and law-makers. Every intelligent person knows that public utilities have developed in a startling manner since 1870, and that the banking and other public capital of our state has increased immeasurably. The population has also nearly doubled.

Two Great Propositions

are before us. One is the honest and real needs of governmental control—by the state, and under its own charter—of the fast growing city of Chicago. This cannot be too carefully considered and watched by the country people of the state. Their very liberties may be affected unfavorably by a new constitution.

The other point of most vital importance which a constitutional convention would be required to consider is that of woman's complete suffrage. That women already can vote on some points is well known, whether they shall be allowed full and equal suffrage with men will no doubt be the leading or second question before the next state constitutional convention.

Taxation

will also be a very important matter, that the suburban considerations may be fully met, and that those of Chicago may also be fairly considered—justly alike to its citizens and to those dwelling in the country. It is probably very much easier for the large interests, of our metropolis to avoid their full share of taxation than for the farmer or some other country people to do so. Consequently all the good citizens of Illinois need very carefully to consider what a new general law for the state would do, before consenting to entire change in our constitution.

Redistricting.

Another point of paramount importance, in view of the growth of Chicago, would be the re-apportionments and redistrictings which might come with a new constitution. As a great city has peculiar demands, and has reasonable rights; so the country has its needs and its reasonable rights.

Something of Our Past.

As every one should know, the State of Illinois came into the Federal Union under the first constitution of the State, in the year 1818.

Peoria, Springfield, Quincy and East St. Louis, to say nothing of Chicago, each have more people than the state probably had—honestly—at that time.

There was comparatively little general intelligence in our borders then, and railroads were unknown. So, it is not surprising that a new basic law was needed, and made inside of thirty years.

Meantime the hydra head of Slavery raised its head, seeking to control our fair state. A convention was called for 1824, but the freedom of the state would not be hampered by that atrocity, and no constitution legalizing Slavery was made.

In 1847

the state had greatly progressed, we had some large towns or cities; we had a canal and railroads were laying their iron bonds upon the state, and public intelligence demanded new vehicles upon which to move from Cairo to Dunleith.

Therefore a convention was held in Springfield, which adopted a constitution, Aug. 31, 1847, which was ratified by the people March 6, 1849, and became in force April 1, 1848.

Newton Cloud, of Morgan county, was president of the body which submitted the instrument to popular approval or disapproval, and Jas. Dunlap, (The Colonel), Judge Samuel D. Lockwood, and Judge Wm. Thomas were sent from this county, besides Mr. Cloud. Judge H. E. Dummer, of Beardstown, Cass county, and Major N. M. Knapp, of Winchester, Scott county, represented the rest of what was at first included in Old Morgan. These men constituted an unusually able and reliable representation, of which our county, and the state, could be proud. The convention was a large gathering, probably too large for its day and purpose.

A War Time Danger.

In November, 1861, the people voted on the question of a new constitution, with the result that, of the seventy five members elected the Democrats had forty five; the Republicans twenty one; with seven as fusionists and two doubtful.

The convention met in Springfield, Jan. 7, 1862, when the Civil War was on. Wm. A. Hacker was chosen president, and Wm. M. Springer secretary.

It was a carnival of ill considered propositions, among others being the idea that they could interfere with the state government; whether they could not elect a U. S. Senator to succeed O. H. Browning, appointed

by the Governor as successor to Douglas; and finally the proposed constitution would have shortened the term of Gov. Yates and of some of the other state officers, who had been elected in 1860 for four years.

Fortunately this constitution was defeated by over 16,000 votes, and that was the end of it. Lincoln had carried the state in 1860 by about 12,000 plurality. The Democrats carried it in the Fall of 1862 by 16,000, for State Treasurer. In 1864 Lincoln carried it by over 30,000 over McClellan. During the War many Union men in the army lost their votes.

The result of the election in the state, in 1864, was the choice of Gen. Richard J. Oglesby as Governor, by about 30,000, and of Richard Yates as U. S. Senator. Both were Republicans.

In 1870.

the state had made greater progress than ever, and, altho only twenty two years had passed since 1848, a new governmental chart seemed to be demanded.

A prominent author, Judge John Moses, said this:

"A state constitution may be defined to be an authoritative statement in writing by the people in their sovereign capacity of those fundamental principles which shall be the absolute rule of action and decision for all departments of the government in respect to all subjects and matters covered by it, which must dominate and control, subject to the Constitution of the United States, until it shall be changed by the authority which established it."

The demands for a new guide for the people, lawmakers and officials of the state had become very great by 1869, and the legislature of that year called a Constitutional Convention.

Judge Moses said: "The reason for adopting a new constitution at this time, 1869, were obvious and undisputed, if not imperative. The old instrument had served its day. Under its operations great abuses had grown up, especially in the direction of special legislation, as heretofore shown, until, in the language of Gov. Palmer, in his message of 1871, 'the history of the American states presented no example of a government more defective or vicious than that of the State of Illinois.'"

Gen. Palmer

was Governor from 1869 to 1873, had been a state senator and a Major General in the Union army, and was afterwards United States Senator. He was one of the ablest officials the state has enjoyed, he was of high intellectuality, of unswerving honesty and of the highest bravery, and belonged to that splendid group of illustrious men which Kentucky gave to our state. Men qualified, many of them, for the highest offices in the nation. He was pronounced in his views and equally pronounced in stating them and in supporting them, so that his words regarding the need for something new in our state governmental machinery were worthy of special thought.

The Convention of 1869-70

met in Springfield, Dec. 13, 1869, and organized by the election of Charles Hitchcock as president; John Q. Harmon as secretary, with David Shepard as first and A. H. Swain second assistants. There were but eighty five members, but it was a body of high ability; in fact, an unusual gathering of the qualified men of the state. Among its ablest members were Elliott Anthony, Wm. R. Archer, O. H. Browning, John Deament, Milton Hay, Joseph Medill, E. Y. Rice and Geo. R. Wendling.

Space forbids mention of all the work done for the people by this body.

Morgan county was represented in this meeting by Henry J. Atkins, a bright young lawyer. Cass county had no delegate, neither had Scott any.

One of the most important plans of the new instrument was that known as "Minority representation," introduced by Joseph Medill, of the Chicago Tribune. Today many good citizens doubt the wisdom of that feature.

The constitution was adopted by the Convention May 13, 1870; ratified by people July 2, 1870; in force August 8, 1870.

Some of its features were deemed quite good, and were adopted by other states. But events have seemed to be speedier and more important than ever in their progress, and certainly more wonderful changes than ever, have taken place in the body politic, and in material things. So the voters of Illinois will be soon called upon to vote for or against a new convention. Much, very much, hangs upon the decision of our state electorate, and every good and wise citizen should "have a care that the State suffer no harm."

Shackles might be placed on the people by an ill considered constitution, made by ill qualified men, that would bind the freedom of Illinoisans for many years to come.

It is to be remembered that, under the present highest law of this state, the legislature can submit questions as they may seem necessary to the good of the Commonwealth.

## NOTICE TO CONTRACTORS.

Sealed bids will be received by the County Commissioners of Morgan County at their office in County Court House until the hour of eleven a. m., Sept. 15th, 1917, for the construction of a concrete bridge near Morgan Station on County Road, between Morgan and Scott Co. Each bid must be accompanied by a certified check for 5 per cent of the

amount of each bid. The Commissioners reserve the right to reject any or all bids. For information, address L. V. Baldwin, Co. Supt of Highways, Jacksonville, Ill.

Mr. and Mrs. M. T. Coffey, Mr. and Mrs. John Cassidy, and Mrs. Daniel Scully, all of Galesburg, formed a motor party which passed thru Jacksonville Wednesday.
